

Kingswood MCC series trials Championship Rules

Consisting of 4 rounds to be held with the 3 best performances to count for points towards an overall total which will decide the winners of each class. All entrants will be eligible for points which will be allocated as follows:

1st 15pts, 2nd 12pts, 3rd 10pts, 4th 8pts, 5th 6pts, 6th 5pts, 7th 4pts, 8th 3pts, 9th 2pts, 10th 1pt

All event and championship ties will be decided as per ACU Trials Standing Rules TSR32

If positions cannot be resolved in any event then the joint winners/positions will be awarded maximum points with the subsequent points disregarded e.g. joint winners 15pts each, 3rd place 10pts.

Each round will have 3 routes and will include the following classes:

Expert (A), *Clubman Expert (AB), Clubman (B), Novice (C), Over 40 (O40), Over 50 (Over50)

*The Clubman Expert route will consist of a mixture of Expert route sections and Main Route sections

All riders must enter the competition in their correct eligible class as per the Centre Recorder.

Riders must not change route during any event or throughout the whole series.

Those riders who wish to compete on harder or easier course than that designated for his/her class will be ineligible for points or grading. It is infinitely preferable that riders seeking more or less challenging routes apply to the trials recorder for regrading.

A league table of the current championship will be available as soon practicable after the results have been completed (and made available on the Kingswood website?)

Please contact Pete Dury, the Centre Recorder, on pdury@hotmail.com if you have any queries or what to change your grading prior to the series championship.
